LEARNING SUPPORT SYLLABUS FALL 2023

Welcome!

Welcome to our class! We look forward to working with you. Throughout this term, we will be providing learning support for your content area classes. Likewise, we will be working together if you come to Learning Support to complete assessments from your other classes. You will be able to receive a total of ten (10) points each day for work completion and for meeting classroom/behavior expectations.

Classroom Expectations

****You will have 5 minutes at the beginning of each class to select a music playlist from your phone, after this time, your phone needs to remain in your backpack.***

****If you have grades of a D or an F, your phone will be held by the teacher for the entirety of the class.***

Classroom expectations can be defined by two words:

Respect: the school's code of conduct states that you should have “*Respect for everyone's learning opportunity and the ability to take responsibility for one's actions are expectations for our students. Students should not engage in any act or conduct that tends to disrupt the atmosphere of learning and should reasonably comply with any directives from the staff.*” All of your interactions in this class, with both teachers and other students, will be respectful, professional, and collegial— just as you will be expected to conduct yourself in the professional world.

Responsibility: being responsible means being on time, being prepared to work and participate, completing all assignments, and giving your best effort.

- Participate in activities
- Complete all assignments
- Prepare for quizzes and tests
- Make up missed work
- Ask questions and seek help
