During the month of May we will be exploring the ocean and ocean life. We have a field trip reserved to the Downtown Denver Aquarium on May 9th for the children to see ocean life up close. This will be an exciting day for everyone!

I can't believe how fast the year has gone by. We are nearing the end of school which is on May 21st. We will be sending items home during the last few weeks of school. Please check your child's backpack daily. We are also including summer packets for your children. These are not a must do, but an additional resource to support continued learning during the summer.

We appreciate your continued support and involvement in your child's education. Thank you for being an amazing group of families this year!

Have a wonderful summer!
