

Safety & Security Update

Elizabeth
SCHOOL DISTRICT

Board of Education
June 13, 2022

Summary

School safety is multifaceted and complex. A holistic approach is required to ensure a layered security solution is achieved. The goal and mission of the safety department is to provide a safe and secure learning environment that supports positive learning.

The ESD Safety Department focuses on five mission areas geared towards an all-hazard response process: prevention, protection, mitigation, response, and recovery. These five capabilities enhance our layered security approach (deter, detect, delay, deny, and respond).
