

KIDCREATE® STUDIO

Virtual Classroom

Spring 2020 Proposed Classes and Kits

Families are looking for educational activities to help keep their children busy while at home due to COVID-19. Kidcreate Studio is excited to announce the Kidcreate Studio Virtual Classroom Program. The program consists of 2 different options, virtual art classes and do-at-home art kits with online instructional videos.

Virtual Art Classes

Kidcreate Studio is now offering live virtual art classes. A Kidcreate teacher will be using Zoom video conferencing to instruct and interact with students as they create fridge-worthy masterpieces. All art materials needed for these classes will be commonly found in the home and if needed the teachers will recommend alternative supplies that can be used. Supply lists, helpful hints on how to use Zoom and the Zoom video link will be sent to families prior to class.

Advantages of Virtual Art Classes

- A set schedule, to help keep students on a normal school-day routine.
- Live teacher instruction. Students can ask questions and interact in real time.
- Community connection, live interaction with other kids their age.

Do-At-Home Art Kits-Q & A

How can my organization utilize the art kits?

There are three different ways the art kits can be used:

1. Sell them to your community as an at-home learning option. This can be an ongoing program by offering new kits every week as they become available.
2. Offer the kits in place of any Kidcreate Studio classes that have been canceled due to COVID-19. The Art Kits would be the “make up” class, and there would be no need to reschedule the canceled classes or issue refunds.
3. Do both options 1 and 2.

How are the kits distributed?

1. Pick up location options include Kidcreate Studio in Eden Prairie and Woodbury, or an alternative pick-up location within the community.
2. They can be shipped directly to the customer. Shipping fees would apply.

Can the kits be picked up while following social distancing recommendations?

1. Yes, pick up days and times will be predetermined. The customer will prepay for the kits online (if the kit is being used as a “make up” class, no payment would be needed). The kits will be premade and labeled with the customer’s name. When the customer arrives to pick-up their kits they will tell the staff member their name and collect their kits. No direct contact needed.

Who will handle the pick-up time?

1. A staff member from your program or a Kidcreate Studio employee can handle pick-up.

How are the kits sold?

1. The kits can be sold by utilizing your online registration software.
2. If needed, Kidcreate can handle the online ordering process for you.

What do the kits cost?

1. Kits cost \$12 each and can be sold in bundles. For example, 1 bundle of three would consist of 1 each of three different kits.
2. Shipping costs \$10 per kit or per bundle (up to 3 kits).

What art kits are available?

1. We currently have five kits available with the plan to create new kits each week for the unforeseeable future.
2. The kits that are currently available include the following:

Clay Mosaics

Clay Minion

Slime Time
