

Elizabeth HIGH SCHOOL

We welcome you to visit **Elizabeth High School** to experience our school pride and learn more about our academic achievements, the opportunities available to students and to experience our welcoming campus.

Elizabeth High School has a student-centered culture with high expectations for academic achievement, citizenship and involvement in school activities. Our staff truly cares about our students and their success is the priority.

We offer numerous Advanced Placement classes and college course offerings. Altogether, students have more than 50 college credit hours available to them in grades 9-12.

We engage our students in activities and athletics. Elizabeth High School offers drama and theatre, choir, band and orchestra. The Cardinal Pride Marching Band consistently qualifies for the state competition and each year students are selected for Colorado All-State Choir.

Our school has 18 varsity athletic teams and each year many of our teams earn league titles and advance to state championships. We have three state/national competitive leadership teams and a number of other clubs and activities.

We value community service learning and our students actively give back by organizing events to support individuals in our community. Each year, the entire school gives back by taking one school day to volunteer throughout the community.
