**Business Date:** August 22, 2016  
**Subject:** Disposition of District Property

### **RECOMMENDATION:**

District Transportation Services would like to dispose of the 4,000 fuel tank. The District purchased a 12,000 gallon fuel tank and the other tank is no longer needed.

### **GROUND AND FINDINGS:**

Pursuant to District Policy DN, the Board of Education for the Elizabeth School District has the authority to dispose of any District property not needed in the near future. District staff has been approached by two companies that are interested in purchasing the tank and will be sold to the company making the best offer.

### **FISCAL IMPACT:**

District is expecting a price between \$2,000 and \$2,500 for the tank.

### RECOMMENDATION:

To declare the rock from the SHE roof that was replaced as obsolete and approve of its disposal.

### BACKGROUND AND FINDINGS:

Pursuant to District Policy DN, the Board of Education for the Elizabeth School District has the authority to dispose of any District property not needed in the foreseeable future. The rock referenced above is being recommended for disposal because it is not needed and no longer provides a useful benefit to the district. Some of the rock has been used by the district for landscaping purposes, but there is little use for it going forward and staff would like to allow district employees the opportunity to make use of for their personal landscaping projects. The district will have plenty of more rock next year when the roof at Elizabeth High School is replaced.
