Director Chip Swan - aye
The motion carried 5-0

6.0 APPROVAL OF MINUTES
6.1 A motion was made to approve the minutes from May 18, 2015 as written.
Motion Moved by Director Hinds
Motion Seconded by Director Richardson

ROLL CALL:
Director Carol Hinds – aye
Director Dee Lindsey - aye
Director Chris Richardson - aye
Director Deb Spenceley - aye
Director Chip Swan - aye
The motion carried 5-0

7.0 COMMUNICATIONS
7.1 DAC Parent Survey Spring 2015 Results
Deb Spenceley mentioned that the DAC parent survey for spring 2015 results are complete. Susanna Jordan, DAC Chair will present the results at the August 10 BOE Meeting.

7.2 Programs for Gifted and Talented Update
Kim Morrison, Director of Special Services, introduced Karen Kendig as the district’s new Gifted and Talented Coordinator. Karen has worked previously with the Boards of Cooperative Educational Services system in the gifted and talented services area. Her initial work will be to identify gifted and talented students and professional development for personnel. Kim Morrison shared activities going on in the schools such as Destination Imagination at RCE, STEM activities (Science, Technology, Engineering, Math) at SHE, College of William and Mary materials incorporated in the classes at EMS, and the summer STEAM Camp for RCE and SHE which adds art to STEM curriculum.

7.3 HR Update
Kim Shuman, Director of Human Resources, discussed Teacher Turnover. To date we have 29 teachers leaving the district and five counselors. This is approximately a 23% teacher turnover rate for the district, with the state average being approximately 15%. Teacher turnover is lower than in previous years, but remains an issue for the district. Pay appears to be the number one reason why teachers are leaving to go work in other districts. Other reasons for departure include retirement, moving out of the area or out of state, furthering education, or pursuing another career. The School District will utilize Mountain States Employers Counsel to conduct exit interviews to collect data on why teachers/counselors are leaving, what they liked about the district, and other feedback.

7.4 Technology Update
Marty Silva, Director of Technology, gave an update to the Board on the summer projects for the Technology “earn. The new online registration process is targeted to go live by mid-July. The process should eliminate the redundant information as well as the multiple forms families have completed in the past. The online registration will be made available through the parent portal for parents with students currently enrolled in the district. The process and instructions will be communicated by the individual schools either through email or through the schools websites. For those students new to the district a link to the online registration will be available mid-July on the district website. Other technology projects underway include:
• New phone system which will provide phones in each classroom. Marty acknowledged Mike Scobee for his work on the project.
• SchoolReach our current email communication system will be transitioned to SchoolMessenger.
• Refreshing various computer labs at the schools.
7.5 Chief Financial Officer Report
Ron Patera, Chief Financial Officer indicated that the 2015-2016 budget is aligned with the goals created by the BOE earlier in the year. Salaries were increased for all employees by modest amounts. Certified staffing levels were adjusted based on changes in enrollment. Additional funds were allocated within the capital budget to improve health and safety at the schools. Capital spending for technology was also increased addressing obsolescence of the hardware in the computer labs within the buildings. There were some staff reductions, which led to $275,000 in reduced spending, but these staff cutbacks were done through attrition. One-time revenue was allocated to a one-time “appreciation” stipend for employees that return next year. With the current budget as presented, it is anticipated that the District will end the next fiscal year with a fund balance, including reserves of $1,565,081 in the General Fund.

7.6 Superintendent Report
Superintendent Doug Bissonette discussed the Student-Centered Accountability Project currently in front of the State Board of Education. The Elizabeth board expressed interest in participating as long as the project had a high level of State Board support and an effective legal organizational structure.

A couple of staff members have been working on an organization chart comparing the number of employees in the 2007-2008 school year to the number of employees in the 2014-2015 school year. A number of positions have been eliminated including Director of Early Childhood, District Librarian, Director of Learning Services to name a few. The number of teachers, Assistant Principals, Counselors, as well as a number of classified employees has gone down. Student enrollment is also down; 2007-2008 student enrollment was 2,535 and in 2014-2015 enrollment was 2,122.

On Wednesday, May 20 the district’s application for the BEST Grant was reviewed by the BEST Board. A grant for the roof project at Singing Hills Elementary was awarded in the amount of $335,653. Unfortunately, the request for grant funding of the Elizabeth High School roof was two projects away from receiving funding.

7.7 Board of Education Update
Members of the Board along with Superintendent Douglas Bissonette participated in Elizabash this past weekend where thousands of people from the community and outside the community came to attend the event and to attend the Elizabeth Stampede. The Board also recognized the student volunteers that helped at Elizabash and at the Stampede in selling Stampede Stadium Chairs. The stadium chairs were donated by the Stampede with half of the proceeds going to the Stampede Foundation and half going to the EHS Track Resurfacing Initiative. Thank you to the following student volunteers: Joey Rodriguez, Chloe Peterson, Lexi Lonardo, Krista Dodd, Caitlyn Scobee, Abby Stahl, Dillon Lind, Shaylin Stein, Isa Tegragge, Maddie Tebrerger, Seth Beebe, Emmi Lindsey, Allie Lindsey, Ella Benkendorf.

The board of education will also have a table at the upcoming Safety Fair on June 13, 2015.

7.8 Public Participation
No public participation
