Motion moved by Director Karcher
Motion seconded by Director Smith

ROLL CALL:
  Director Carol Hinds - aye
  Director Cary Karcher - aye
  Director Richard Smith - aye

The motion carried 3-0
7.0 COMMUNICATIONS
7.1 EHS Student Allie Lindsey - CASB GT Presentation in December

7.2 HR Update
HR Director Kin Shuman shared that teacher retention was at an all-time high. Shuman reported the district did have 3 teachers leave since school has started due to personal reasons particular to each person. This is highly unusual and the district is working on filling those positions. The much needed Behavior Support Specialist position has been filled, along with a new position for special education at Singing Hills Elementary. The middle school counselor position that opened up over the summer has also been filled. Other good news was the hiring of 13 new substitutes teachers and 10 classified substitutes.

7.3 Technology Update
Technology Director Marty Silva updated the Board on the computer science curriculum. Last year the district adopted a new computer science curriculum and as a result, the first AP course for computer science was offered last year at the high school. Only a small number of students have participated and there have been no girls enrolled in the class. The district is planning on starting a Girls Who Code club at the elementary and middle school levels to help develop an interest.

7.4 Financial Update
Chief Financial Director Ron Patera reviewed checks over $5000 which include typical monthly expenses, utility bills, insurance premiums, food service purchases, athletic trainer services, technology hardware, bus cameras, radios, textbooks, cardinal cards, gym floor refinishing, the outdoor lab, and Leader in Me materials. Financial statements reflect activity through the end of August or 16.67% through the fiscal year. General fund revenues are at 12% and expenditures are at 16.5%. Student enrollment at schools exceeded projections used for budgeting, but was lower than last year. Facility Use Policy and Regulations have been updated and will be coming to the Board in the near future.

Discussion was had about the cameras being installed in the buses and their capabilities. The bus cameras will be installed this week.

7.5 Superintendent Update
Superintendent Bissonette gave an update on enrollment and October count. Last year, the total number of students for the entire district, including Legacy and preschool, was 2,404. This year the district looks like it is on track to be at 2,377 students. The district’s enrollment was higher than projected at 4 of the 5 schools. Frontier High School came in lower than projected with 40 students. The district is seeing a smaller number of school age children who live in our county. This is a trend that has been the same for the last decade and is a major reason for the steady decline.

8.0 PUBLIC PARTICIPATION
No public participation

9.0 CONSENT AGENDA
A motion was made to approve the consent agenda 9.1-9.6.
Motion moved by Director Smith
Motion seconded by Director Karcher

ROLL CALL:
