Motion moved by Director Karcher
Motion seconded by Director Smith
ROLL CALL:
Director Paul Benkendorf - abstain
Director Carol Hinds - aye
Director Cary Karcher - aye
Director Dee Lindsey - absent
Director Richard Smith – aye

The motion carried 3-0

7.0 COMMUNICATIONS
7.1 HR Update
HR Director Kin Shuman gave an update on upcoming job fairs that are scheduled to begin in 5 weeks. Elizabeth School District will be in attendance at UCCS on March 22, Highlands Ranch High School on March 23, UNC in Greeley on April 4, and CSU in Ft. Collins on April 17. The district is currently working on who will represent Elizabeth Schools at each event.

Shuman thanked the Board for approving the new salary schedules; they are now posted on the website for anyone to view.

Fingerprints are still a work in progress for our district; currently the district is using the local police department until the state has the new fingerprint system in order.

Elizabeth High School Principal Bret McClendon and staff have made an offer and it has been accepted for the vice principal opening at Elizabeth High School. Kimberly Runyan was selected out of twenty five applicants and holds a master’s degree in reading literacy; is a licensed principal and licensed special education teacher. She has worked the past eighteen years as an educator at the Academy Charter School in Castle Rock.

7.2 Technology Update
Technology Director Marty Silva shared the district’s GETTech Initiative (Greater Entry to Technology); this is the presentation he is sharing with teachers that will be a part of the district pilot program. During the first year there will be 30 pilot teachers to launch the Chromebook program, these teachers will attend 4 professional learning days and their classrooms will be equipped with a chromebook cart to cover the largest number of students in each class. Great care is being taken to implement this program and provide support to staff.

One of the tools that could possibly be used in classrooms was presented to the Board and is the use of virtual reality kits (VR kits). The VR kits use Google Expedition which contain over 900 lessons available to teachers including, math, science, theater arts, along with college tours and many more.

7.3 Financial Update
Chief Financial Director Ron Patera reviewed checks over $5,000, which included typical expenditures, along with a payment for the Elizabeth High School yearbooks and 30 virtual reality kits.

Financial statements are through the end of December, which is 50% through the fiscal year. General Fund revenues after allocations are at 40.46% and the district expenditures and transfers stand at 49.50% expended. These percentages reflect the previous budget not the revised budget that was approved by the Board in January.
There are some cost centers over the 50% benchmark but the total General Fund is still under the 50% mark. The district added 2 more cost centers by splitting preschool and kids club into the 2 schools that host the programs. When comparing programs and prior year activity it will be skewed until next year when there has been some consistency.

7.5 Superintendent Update
Superintendent Bissonette shared that the legislative environment is different this year since democrats control the house, the senate and the governor’s office. Items that districts are hearing on the budget need to be taken lightly due to the fact that it is unclear which promises will be delivered on. The biggest legislative item is the governor’s budget and funding full day kindergarten. The cost of this is somewhere between $200-$300 million, even the governor has said that this is his biggest push but it is still the legislature that has to pass it. The overall goals toward educational funding are generally positive. Bissonette said one concern for him though is whether they continue the rural funding, which is significant for us and other rural districts. There seems to be some question on whether this will be continued and it is not clear what position the Rural Alliance will take on it, other than right now saying that it is important funding.

Another issue that has been in the news and is important to our community is the change to the comprehensive health education law. There was huge attendance at the capital for the first hearing of House Bill 1032. Somewhere between 300-400 people signed up for testimony and the hearing went until close to midnight. Bissonette met with Rural Alliance last week to talk about the testimony he gave at the hearing and what feedback we are getting from our community. Currently the Colorado Association of School Executives (CASE) and Rural Alliance are both taking the position of monitor on this issue.

Bissonette shared one more item that is being talked about legislatively, and that is changing the mill levies that are accessed for schools. There is a belief that it is not equitable among districts. Discussion was had around this topic and what if anything that would mean for the state and for our district.

***Director Lindsey joined the meeting at 6:28pm***

8.0 PUBLIC PARTICIPATION
No public participation

9.0 CONSENT AGENDA
A motion was made to approve the consent agenda 9.1-9.7.
Motion moved by Director Benkendorf
Motion seconded by Director Karcher

ROLL CALL:
Director Paul Benkendorf - aye
Director Carol Hinds - aye
Director Cary Karcher - aye
