6.0 COMMUNICATIONS
6.1 Financial Update
Chief Financial Director Ron Patera was present at the meeting this evening to provide a summary of the purpose of action.
items of 8.1 – 8.4. Ron started with the fund balance resolution, all part of code and state statues. The resolution is required part of state statute CRS 22-44-105(1.5)(a) when a district uses a portion of their anticipated fund balance the board of education shall adopt a resolution authorizing the use of a portion of the beginning fund balance. This year we have one fund, that is using a portion of the beginning fund balance for the reason stated in the resolution. As for the appropriation resolution, a notice of tomorrow’s business meeting was published in the Elbert county news in the May 31st publication, per state statute. A summary of some of the main components were listed in the cover memo, so I do not want to go over each one of them individually unless someone has some questions regarding one of them or something else not listed. The district is borrowing $2,904,689 under the Interest Free Loan Program.

Ron also provided an update on the contents of Frontier High School, he included a memo to dispose of the contents which was shared at the previous meeting and met with the board approval.

6.2 Superintendent Update
Superintendent Douglas Bissonette shared an update on the first in person meeting held at Elizabeth High School for the Rural Commissioners Alliance. The district was able to share how we managed keeping students in person last year with the focus on air quality. The elementary schools and middle schools continue to work on the graduate profile competencies under HTI and how those competencies can be incorporated into each of the school and classrooms. Lastly, many parents have been asking what next school year will look like, the district is continuing to listen to information being delivered by the governor and state. The goal is to have the least amount of disruption to students being in person as possible.
